**ASSESSMENT**

Your child’s learning is assessed using a variety of tools and strategies within the classroom. These different assessment methods tell you and your child’s teacher about your child’s strengths, the areas in which they might grow and how well your child is doing throughout their courses. Your child’s teacher can then change or refine their teaching plans to ensure that learning activities better meet the needs of your child. At the end of each course, your child is assessed and their achievement is reported so that you know if they have achieved the expected learning outcomes for their grade.
